Youth Eco Summit

The Youth Eco Summit organized at Birla Auditorium by the Bajaj Foundation in partnership with the Ministry of Electronics and Information Technology, the Ministry of Environment, and UNICEF YuWah. The summit aimed to promote environmental awareness, sustainable practices, and the importance of youth participation in building a greener future. Students from various schools gathered to exchange ideas, showcased creativity, and learned more about environmental responsibility. The 64 students of our school participated in the Waste to Art Competition and created two notable models: “Sheesh Mahal”, representing the rich cultural heritage and artistic beauty of India and "A robot holding the Earth”, symbolizing the role of technology and innovation in protecting the planet’s future. Also, our students participated in thematic performances where they presented a skit titled “The Falcon” which depicted a futuristic theme and conveyed an important message about environmental conservation and the long-term impact of human actions on Earth. The students got opportunity to listen to Pankaj Bajaj, Rohit Saraf, Sanjana Sanghi, Raul John, Viraansh Bhanushali and many more. It provided a valuable platform for learning, creativity, and active participation in environmental initiatives, making it a memorable and meaningful event for our school.
